EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Matthew L. Schneider on 3/11/2005.

The application has been amended as follows:

In claim 7, line 2, "to claim 1" was replaced by-to claim 21 --.

2. The following is an examiner's statement of reasons for allowance: The prior art of record fails to disclose or suggest all of the limitations of claims 21-22, 25 and 27 including, a contact portion comprises a ring portion formed of a wire-like member in the form of a substantially circular ring, where the ring portion is supported on a supporting portion, and operation of the operating mechanism increases and reduces the diameter of the ring portion, where the supporting portion includes a pair of arms each having a distal end, where the ring portion is connected to the distal end of each arm and the diameter of the ring portion is changeable by changing the distance between the distal ends of the pair of arms, where the ring portion is insertable into the blood vessel through the opening of the end of the blood vessel while being maintained in a reduced diameter state, and the diameter of the ring portion is adapted to be increased, whereby the end of the blood vessel is expanded or reversed by operating the operating mechanism.
